Terms and Conditions:

This purchase order is governed exclusively by Adient's Terms and Conditions of Purchase (available at <https://www.adient.com/terms> and incorporated herein by reference) in effect on the date of this purchase order, with the understanding that the acceptance of this purchase order by electronic means or by the processing and/or delivery of goods or providing services requested under this purchase order, will be considered as acceptance by the Supplier of said Terms and Conditions of Purchase. All other terms are rejected. Seller must comply with the Adient Supplier Standards Manual found at <https://www.adient.com/suppliers/supplier-expectations>. Shipments must comply with Adient's routing instructions or a debit may be incurred for excessive shipping costs. The purchase order number must appear on all invoices, packing slips and bills of lading. A packing slip must accompany all shipments, showing the order and part number, quantity and supplier number. All pre-production parts must be marked / labeled with the Adient part number and revision level as indicated on the CAD model and / or drawing. Pre-production parts that are shipped without proper identification as stated above will be returned to the supplier at supplier's expense.
